BUILDINGS

Building is one of humankind's most ancient pursuits and Concor Buildings boasts a proud track record of major developments and projects across the full spectrum of the building industry with focused, proactive and experienced teams geared up to take on large, unusual and technically complex projects.

Concor Buildings is committed to the sustainable development of South Africa and its people, through the delivery of infrastructure that supports both economic and social development.

We offer a unique combination of building and engineering disciplines and expertise, enabling us to deliver world class solutions to our customers across the broad spectrum of building, industrial and civil projects.

Concor Buildings has a solid health and safety record underpinned by the Concor Stop.Think.Act! philosophy. The company is ISO 9001, ISO 14001 and OHSAS 18001 accredited.

We are committed to collaborative partnerships that create shared value for our stakeholders, by delivering innovative projects within budget and on time – always exceeding client expectations.

The business is headquartered in Johannesburg and operates primarily in the Gauteng region and on selected projects in other South African provinces and African countries.

Green Buildings

Concor Buildings is a proud and active member of the Green Buildings Council of South Africa and has a proven track record of delivering certified buildings to our clients, through established material sourcing and by helping our sub-contractors to comply with the specifications required to submit evidence for certification. We have successfully certified Green Building projects across South Africa.

Capabilities

Concor Buildings' core competencies lie within multi-disciplinary construction and risk management of large scale and complex building projects – based on sound values, sustainability, top quality plant and equipment and a client focus.

As a buildings contractor, we operate in both the public and private sectors, linked to the following market segments:

- Commercial
- Airport facilities
- Leisure facilities
- Sport facilities
- High-rise buildings
- Residential
- Retail
- Hotels
- Mixed-use developments
- Hospitals
- Various Private Public Partnerships (PPPs) including prisons, hospitals and schools

A leading black-owned infrastructure and buildings business, operating in South Africa and selected African countries, and a proudly Level 1 B-BBEE accredited business.
